THE EVENT

What is Keralotsavam

Stage

Classical, folk and traditional performances by artists and community groups, across both days into the evening.

Business meet

A well-organised session that brings UAE-based entrepreneurs and community leaders together in one room.

Stalls & exhibitions

A vibrant Festive Marketplace bringing Kerala's spirit to Dubai. Cultural, Speciality, Craft, and Authentic Experience stalls, alongside exhibitions celebrating Kerala's culture and heritage.

Families come on both days and stay for hours. That dwell time is what makes the festival different from an advertisement.

THE MIX

One festival, endless experiences

A sponsor can attach to the whole festival, or to the one part of it that fits the brand.

Stage moments

Business & networking

Heritage & food

WHY SPONSOR

Why sponsor this festival

01

Visibility for months

Forty-five days of campaigning before the event, and press coverage after it.

02

One audience fully present

A crowd that came to enjoy the day, not to skip an ad.

03

Trust by association

Forty-five years of community goodwill stands behind the brands we name on our stage.

04

Business owners in the room

The business meet puts your brand in front of decision-makers, not just consumers.

05

The Kerala household

Families who decide together on gold, travel, education, healthcare, remittance and property.

Five reasons, one outcome: a sponsor stops being an advertisement and becomes part of the community's own story.

REACH

12+ million touchpoints around two days

7+ million

reach before the event, across the campaign period

10+ million

reach after the event, through recaps and press coverage

45-day campaign

Posters, reels and countdowns before the festival, and a recap wave after it.

8,000+ amplifiers

Every member shares to their own network, so the campaign spreads through personal feeds.

Press meets

Press meets before and after the festival, with coverage in major media and by influencers.
